March 23, 2020

To All Valued Customers:

During these challenging times, it is our first priority to protect the health and safety of our employees and their families. We are following recommended guidelines to maintain a safe and healthy environment for our employees.

Dynamic Conveyor is a leader in custom conveyor systems for parts manufacturers, food processors and packagers. Our sale and service of conveyor systems is essential to the manufacturing, processing and packaging of food, pharmaceuticals and medical devices to meet the necessary needs of all Americans.

Pursuant to the March 23 executive order issued by the Governor of the State of Michigan, Dynamic Conveyor qualifies as an essential business. As a result, Dynamic Conveyor plans to continue our manufacturing operations.

We have received several letters from key customers who are deemed as essential and require that Dynamic Conveyor continue our operations as a critical supplier to their business operations.

We are committed to doing our best to support our customers during these challenging times.

Wishing you all good health.

Sincerely,

A handwritten signature in black ink that reads "Jill Batka". The signature is written in a cursive, flowing style.
