

Part Containment & Deflection

Standard 8" Profile

Fill in __ with 04, 06, 08, 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 36, 42, 48, 54 or **DYNAMIC CONVEYOR CORPORATION**
60 for conveyor width

Retaining Flange Kits	Part Number	Functions / Features / Construction
17-1/2" Straight 	KIT970	<ul style="list-style-type: none"> • Use when additional wall height is required • Adds 4" of height to existing 1-1/2" retaining walls • Can stack up to 3 on top of each other to create greater wall height • One kit required per module
6-1/2" Straight 	KIT971	<ul style="list-style-type: none"> • Use when additional wall height is required • Adds 4" of height to existing 1-1/2" retaining walls • Can stack up to 3 on top of each other to create greater wall height • One kit required per connector
30° Outside Angle 	KIT972	<ul style="list-style-type: none"> • Use when additional wall height is required • Adds 4" of height to existing 1-1/2" retaining walls • One kit required per connector
45° Outside Angle 	KIT973	<ul style="list-style-type: none"> • Use when additional wall height is required • Adds 4" of height to existing 1-1/2" retaining walls • One kit required per connector
30° Inside Angle 	KIT929	<ul style="list-style-type: none"> • Use when additional wall height is required • Adds 4" of height to existing 1-1/2" retaining walls • One kit required per connector
45° Inside Angle 	KIT925	<ul style="list-style-type: none"> • Use when additional wall height is required • Adds 4" of height to existing 1-1/2" retaining walls • One kit required per connector
